

## Abstract

**Maarten Linnenkamp**

**Organisation :** City of Amsterdam

**Short description:**

Amsterdam is the capital and largest city of the Netherlands, with an urban population of 1,364,422 and a metropolitan population of 2,158,372, it receives over 3,5 million foreign visitors a year.

The city is located in the province of North Holland in the west of the country. It comprises the northern part of the Randstad, the sixth-largest metropolitan area in Europe, with a population of approximately 6.7 million.

---

**Presentation title:** Electric Transport in Amsterdam

**Abstract:**

This presentation will be about the project Amsterdam Electric. It is one of the projects the city of Amsterdam has started to improve the air quality in the city

Our goal is to be a fully electric in 2040. By then, all road kilometres driven by citizens, cargo companies, taxi's, commuters, delivery services and so on, should be driven in electric vehicles.
